Certified Angus Beef® Brand

Certified Angus Beef® was established in 1978 by a group of ranchers as a way to consistently receive a tender and juicy steak. To do this, they developed a brand which only selects the top tiers of USDA-graded cattle, which must be Angus-influenced. Then, the cattle must pass ten quality standards, including medium to fine marbling, to ensure an outstanding flavor, unparalleled tenderness, and natural juiciness. Only three in ten Angus cattle meet the brand's stringent standards.

SUPERIOR SEAFOOD

Fresh, Farm Raised from Chile Patagonian Salmon

Verlasso stands out for its commitment to sustainability and animal welfare. It is the first salmon brand to achieve carbon-neutral production. Verlasso holds renowned certifications such as ASC and BAP, ensuring that its salmon meets the highest standards of environmental and social responsibility.

Verlasso salmon are grown in Patagonia, a place where two of the coldest currents in the world converge, close to Antarctica and far from cities, towns, and pollution generators. The deep waters of their farms provide the perfect environment for the fish to thrive in space, while strong currents provide an abundant supply of clean, mineral rich water. This allows the salmon to stay active, strong and healthy.
